

## **GRADUATE PROGRAM – TERMS & CONDITIONS**

### **Onboarding**

Successful applicants to the Lumin Sports Graduate Program will receive access to our dedicated support system. This includes support documents, a dedicated onboarding and support portal via the platform, and access to an exclusive YouTube library containing platform tutorial videos. These resources are provided to help participants maximise the benefits of the Lumin platform.

### **Payment**

All program fees must be paid upfront in full. The total cost is \$350 ex. GST and must be paid before access is granted. Unfortunately, no instalment or deferred payment options are available.

### **Program Access & Tier**

The Graduate Program is available exclusively on the Lumin Strength tier only. This ensures all participants have access to the same feature set for a consistent learning and development experience. Each Graduate Program license is limited to a maximum of 20 users. However, if you are looking to upgrade at any time, we are happy to facilitate this. Please contact our sales team.

### **Eligibility & Selection**

Applications for the Graduate Program are subject to approval at the discretion of Lumin Sports. Submitting an application does not guarantee acceptance. Lumin Sports reserves the right to determine eligibility and allocate places based on program criteria.

### **Availability**

The Graduate Program is available to the first 25 coaches who successfully complete the application and payment process. Once this capacity is reached, no further applicants will be accepted until additional spaces are made available.
